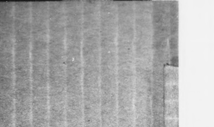
"The South 40"
by JAMES A. SMITH
EXTENSION AGENT



There's growing evidence that the Eastern Bluebird is disappearing throughout its range in Eastern North America.

One reason is the loss of old fence posts, which provided ideal nesting conditions. With metal and treated posts, there's less opportunity for these lovely birds.

Another factor involved in the decline of the bluebird population was revealed in a North Carolina study in which there is strong evidence that as many as 2,000,000 bluebirds have been inadvertently killed on tobacco farms over a seven-year period. In their search for nesting sites these birds enter the rain caps of the flues of the pot-type burners used in tobacco curing barns and then become trapped in the burners where they perish.

This loss can be easily prevented by wrapping a small piece of hardware cloth around each rain cap.

Tobacco growers who have this type of curing system are being urged to cooperate with this program.

• • •

The first tel-o-auction sale of slaughter cattle in 1973 was held February 16th. The top steers brought $72.40 or about $43.45 per CWT liveweight.

This method of marketing cattle is proving to be an excellent method.

• • •

Flue tobacco growers will want to plan for the annual meeting of Tobacco Associates March 6 in Raleigh, North Carolina. The Ambassador of Japan will be the principal speaker.

• • •

The spring feeder cattle sale is set for Thursday, April 12. Cattle weighing 300# to 900# will be accepted.

Nomination forms are available from this office, but intentions must be in by March 14.

• • •

There were some protests at the meat counter in 1972 over the price of meat.

Let's take a look at what has happened over the past 20 years to beef and hog prices and let's take a look at per capita disposable income.

We'll look at the lowest and highest years from 1951 through 1972.

The low year for livestock prices was 1956. The lowest year of disposable personal income was 1951, which was $1468.

In 1956 cattle averaged $16.34 per CWT and hogs $14.40 per CWT. on foot. At the retail market beef averaged 65.4 cents and pork 51.4 cents. Personal income was $1743.

In 1972 cattle averaged $33.40 per CWT and hogs $26.00 per CWT. on foot. At the retail market beef averaged 113.6 cents per pound and pork 82.2 cents per pound. Personal income was $3767.

What was the average over these 20 years? On foot prices of cattle are up 12.5% and hogs 30%. Retail prices are up 30.1% for beef and 42.2% for pork. Disposable personal income per capita is up 150%.

The figures strongly support the idea that food is still a good buy. So smile when you go to the market. Meat could be rationed as it is in many countries.

Feed Needs Bring Program Revisions

Increased feed grain use during 1972 was cited by James R. Ford, Jr., chairman of the Appomattox County Agricultural Stabilization and Conservation (ASC) Committee as one of the keys for the recent alteration of the 1972 feed grain program.

"U. S. Department of Agriculture figures now show that domestic use of feed grains for 1972 turned out to be higher than was anticipated when the 1973 feed grain program was announced early last December," Mr. Ford said."It is now estimated that corn use as well as overall feed grain use will be substantially more than originally projected."

Increasing livestock numbers plus cold weather and subsequent increased feed utilization have been the main factors in the higher feed grain disapearance.

Export demand for feed grains is also expected to be strong in 1973 as bad weather continues in several major feed grain producing areas of the world.

The following changes have been made in feed grain program set-aside requirements:

• Under the basic plan, required set-aside has been changed from 30 to 25 percent of a producer's feed grain base. And for participants not wanting to set aside this amount of cropland the required set-aside has been changed from 15 to 0 percent, provided they limit their feed grain acreage.

• If the participant sets aside an acreage equal to 25 percent of his base his payment rate will be 32 cents per bushel for corn, 30 cents per bushel for grain sorghum and 26 cents per bushel for barley. These rates are paid on the established farm yield times one-half the feed grain base.

• Producers who elect to set aside any acreage and do not increase their feed grain acreage above that planted for harvest in 1972 will be eligible for a lower payment rate of 15 cents per bushel for corn, 14 cents per bushel for grain sorghum and 12 cents per bushel on barley. These rates are paid on the established farm yield times one-half the feed grain base.

• Producers may elect to graze, hay, or make silage from conserving crops grown on feed grain and wheat set-aside acreages at any time, including the five principal months of the normal growing season, and receive a reduced payment. They must notify the county ASCS office prior to using the set-aside acres.

"It is expected," Mr. Ford said, "that these changes will assure that feed grain demand will be met for 1973-74. Also, the decision to permit haying or grazing of conserving crops on set-aside should help alleviate the livestock feed situation, providing grazing or forage for the increased livestock numbers needed to meet consumer demand for more meat products."

Homemaker Hints

By Rebecca M. Johnson, Extension Agent

The Federal Trade Commission (FTC) has passed a law which states that all clothing manufactured after July 3, 1972 must have permanent labeling as to the care of the garment. Though it may be a year before this is evident in clothing we buy, consumers should be aware of the law and look for these labels in any new clothing they purchase.

Care Labels should tell you how to wash, bleach, dry, iron, and dry clean, and should warn you if unusual care methods would harm the garment. Care Labels must stay attached and be easy to read for the entire life of the garment. The labels must be easy to find on the garment and must be easy to see through the package or the same instructions must be printed on the package itself.

Some products not covered by the FTC rule are hosiery, headwear, footwear, disposable items, items that need no maintenance, and completely washable items selling for less than $3.00. The rule also exempts furs and leather items, household items, purely decorative and ornamental items, remnants cut and shipped by the manufacturer (known as mill ends), and sew-through or other items that would be substantially impaired by a care label.

You are advised to speak out if the care label is missing, if you don't understand the instruction, or if you carry out the instructions and the results are not satisfactory. If you'd like more information on labeling, write to: Federal Trade Commission, 6th and Pennsylvania, Washington, D. C. 20580.

STONEWALL

"If a man die, shall he live again?" Job 14:14

Mr. and Mrs. Stuart Barrell of Culpeper, Va. were week end guest of Mr. J. O. Davidson.

Mr. and Mrs. Bob Wheeler, Linda, Becky and Joan of Richmond, Ben and Helen Wheeler of Appomattox, Mrs. H. B. Jones, Kathy Ivy and Richard were visitors Sunday of Mr. and Mrs. I. B Wheeler.

Gideons Hold Dedication Service

The recently reorganized Appomattox Camp of Gideons International held a Bible dedication service on January 18, 1973 at 2:30 p.m. at Gladstone, Virginia.

During this service the Appomattox Camp dedicated and presented to Mr. Andrew, manager of the Y.M.C.A., (on the right) 66 Gideon Bibles. This was a new experience for most of the members and one which will always be remembered. Making the presentation was Brother Sam Thornhill, on the left, member of the Appomattox Camp.

"CHOOSE YE TODAY"

Life's race for all of us here on earth is almost run,

So lets make our choice this day, before the set of sun.

Let's pause and think, We'll choose where we wish to go,

While living in this wicked, sinful, world below

If we are patient and choose truth, peace and love,

When this life is ceased; We'll live with Him above

Jesus died that all who believe might live eternally

It was his great love that made the sacrifice for you and me

His invitation to "Come unto me" He still extends today

Come walk with me "Dear Ones" I will lead the way

You will need me when you cross Jordan, Why go alone?

Oh such, 'marvelous love me matchless love' He has shown;

I long to take your trembling hand; give you peace and rest,

Come with your burden, only kneel, repent and confess.

Listen to His gentle voice pleading come, oh, come, While I wait

Why not make your choice to live forever, before it is too late.

Today is the accepted time tomorrow may never come. Ask now for reservation, and make "Heaven" your eternal home.

Mrs. Annie R. Fore

Slogan – It may be later than we think –

SEVENTH-DAY ADVENTIST

Rufus B. McDannell, Pastor

Sabbath School Lesson No 9 February 25 to March 3.

Subject: Barriers To Effective Communication.

Scripture Texts: "The Lord's arm is not so short that he cannot save nor His ear too dull to hear; it is your iniquities that raise a barrier between you and your God because of your sins he has hidden His face so that He does not hear you." Isa. 59:1,2

N.B.B. "All heaven is waiting for channels through which can be poured the holy oil to be a joy and blessing to human hearts." Christ's object Lessons page 419.

May we all be ready to go home with Jesus when He comes.

Sabbath School - 10 a.m.

Worship Service 11:15 a.m.

All visitors are welcomed at the "Little Friendly Church" on Court Street in Historical Appomattox. Come!!
